

LIGHT CONTRACT FOR ANOTHER SIX YEARS

Is Renewed By City Council Which Also Elects Officers At Regular Session

At the meeting of the City Council held as usual for December on Thursday night, all of the old councilmen were sworn in for two years more service. Very little other business came up for consideration on the last meeting night of their past term.

After reading the minutes of the November meeting reports from officers were read as follows: Police Judge Murray Smith reported \$158 in fines in his court during November. City Tax Collector J. M. Dykes, reported tax collections to the first of December at \$6,100.26, which went to the following fund: General fund \$2842.10; School fund \$1,510.95; to the sinking fund \$206.95; to the sinking fund for street bonds \$1,540.26. The report from Street Commissioner Allman showed an expenditure of \$272.50 for labor and teams on street work during November. Chief of Police Claude Devore reported \$158 in fines he collected during the past month. City Engineer S. F. Crecelius submitted a lengthy technical report of the work that has been done on the sewers and streets in which he stated that progress in the work had been delayed a great deal due to the fact that machinery had been out of working order, requiring some time to putting it in good shape.

The Water & Light Company, represented by Attorney A. R. Burnam, brought up the question of the water plugs which were being used by the McLean Company in its work of sewerage in the city. He asked that the Council take some steps in the matter as to the responsibility of using these plugs, and the Council directed upon City Engineer to assume such responsibility and he is to see that their condition is to be maintained as good as when he found them.

Notice was received from the City Health Board of the appointment of Dr. J. G. Bosley as Health Officer, and recommended an increase in his present salary of \$20 to \$40 per month. After discussion of this matter by several of the Councilmen, a motion was made and carried that the salary remains as it has been in the past.

The street lighting contract presented by the Kentucky Utilities Company at the November meeting and referred to the Lighting Committee, came up for final action, and was accepted. The new contract calls for payment of the same rate for street lights as the old contract and runs for a period of six years. During the discussion of this contract, Councilman Terrill made a complaint against the Utilities Company for the increases in the amount of the invoice received by the citizens for their November light service, and suggested that the matter be looked into.

Mr. McLellan, of the Kentucky Utilities Company, addressed the council in regard to the matter, and stated that the company would gladly welcome the testing of any of the meters in use, and that there had been no increase in their rates, but of course the bills were larger, due to the long nights, and customers turning on the current earlier in the day.

Councilman Morrison read a petition from taxpayers on Collins street, asking that the sewerage system be placed on that street. The matter was referred to the street and sewer committee.

The Richmond Welch Company was granted a permit to make improvements in the Collins building, on Main street.

After the Council had been sworn in, a motion was made and carried that all the officers be re-elected with the exception of the garbage cart driver, his successor to be appointed by Street Commissioner Allman.

After ordering the monthly bills paid, the council adjourned.

PRICES SKY HIGH

Old Madison House Gets Top Prices for Crops Offered In Their Opening Sale

There's nothing else to it—the old Madison House is getting the price for the farmer's crop of tobacco this season. The way Col. Jesse Cobb goes up and down those lines of baskets, with his knowledge of the worth of each basket, and with Col. Pearson and at least a half dozen boosters around the buyers, they just naturally hypnotize those men, and it is nothing to see the tags on those baskets marked 80c, 85c, 95c, and some marked over \$1.00.

The Madison House sales started Thursday afternoon, and even though everybody worked like troopers, they were back on the job Friday morning and there's no telling when he first sale will be over.

The ever popular Percy Reid is letting no tobacco get past him. He is working hard for the old Madison House, and load after load of tobacco is being driven into the sheds at this popular house.

WHY IS A HEADACHE?

Various Causes For This Common Affliction

Anemia Or Bloodlessness A Very Common Cause

Pepto-Mangan Overcomes Anemia And Tends To Prevent Headaches

When one has an occasional headache it is usually due to some transient or passing cause, such as indigestion, eyestrain, over-tiredness, etc. When, however, one suffers from frequent periodic headaches there is always some special reason for it. Among the most common of such reasons is Anemia or Bloodlessness. This condition is especially frequent among girls and young women and those whose occupations or habits of life keep them too much indoors. The one important necessity in such cases is to build up the quantity and quality of the weak and watery blood. Gude's Pepto-Mangan is exceptionally valuable for this purpose. It increases the number and improves the quality of the red blood cells, those vital little bodies which carry nutrition to all parts of the body. It improves the appetite, imparts color to the face, and restores health and strength to the body generally. After a short course of Pepto-Mangan the headaches decrease in frequency and severity, and finally disappear, if they are due to Anemia. Pepto-Mangan may be had either in liquid or tablet form, as preferred. When buying Pepto-Mangan be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

UNION CITY

The debut of Mr. J. R. Dunbar in theatrical life, when he appeared last week at the Richmond opera house in "The Womanless Wedding," is being discussed with much interest by local admirers. The give-away spirit has always been a leading characteristic with Mr. Dunbar and his giving brides away is in our opinion the limit we can think of no gentleman more artfully befitting the setting in his initial "success".

Prof. Paris B. Akin and his efficient staff of assistants, have a rattling good school here. The Union High School has advanced with each year. The patrons are beginning to realize the vast importance of co-operation with the management and everything is moving along nicely.

UNION HIGH SCHOOL NOTES

The pie supper last Wednesday night, was well attended and netted sum of \$20.50 which will be turned over to the Kentucky Children's Home Society. Much interest should be centered in the above society. It is very worthy.

Miss Anna Margaret Abney has gone from U. H. S. to live with her aunt, Mrs. Taylor in Richmond. She will enter Caldwell High at once.

Mrs. Jett is out owing to the sickness of her husband.

Mrs. Williams visited her father and mother in Clark county from Thursday until Sunday.

Prof. Harris, School Supervisor, and Prof. Frost, of George Peabody College for teachers, Nashville, Tenn., were visiting school today. Prof. Frost gave the boys and girls a very interesting test which will be reported in full later. Prof. Frost is an interesting gentleman and we wish he would come back.

Dr. Bradley and Miss McCown, of the Child's Welfare Bureau, were here today. They are going to give a physical test of all children. It's just a physical test mothers, surely you owe your baby a fair chance to develop into a strong, healthy individual.

Bring them to Union High school building on either Dec. 8, 9 or 10 and meet Dr. Bradley and Miss McCown. No matter if child is not in school, we want all children below 7 years of age to be tested. Mothers or fathers must accompany child in this test.

Honor Roll—The following children have neither been absent nor tardy during the third month: Henrietta Tevis, Ophelia Risk, Seudler Abney, Madeline Jones, Mary L. Dunbar, Emma Noland, Tommye Ruman, Cornelia Baber, Leonard Tribble, Margaret Miller, Lillie Noland, Nellie Noland, Urey W. Abney, Ruth Baber, Anna M. Taylor, Thelma Tribble, Nancy Hamilton, Eile Bob Miller, Iris Jones, Leola Green, Willie M. Green, Anna L. Dixon, Clara Rupard, Eliza Abney, James L. Harris, Dan Griggs, James Noland, Ore Green and John W. Green.

These pupils have made 90 per cent or above on all subjects pursued in High School: Madeline Jones, Robt. E. Baldwin, Seudler Abney, Opelia Risk, Neville Park, Jesse Moberly, Allie R. Moores, and Henrietta Tevis, Gramer school; Edward Tevis, Margaret Miller, Erle Moberly, Anna M. Taylor, Jennie F. Abney, Leonard Tribble, Ruth Baber, and William Griggs. Intermediate grades: Iris Jones, William O. Taylor, William McKinney, Sue Miller, Oran B. Abney, Nancy Hamilton, James Noland, Dan Griggs, James L. Harris, and Nettie Mae Ford. Primary Grades: John W. Williams, Harry Moberly, Henry Ford, Edna Dixon, Lucille Dixon, James B. Taylor and Spencer Williamson.

Boost the Wilsonian Literary Society, it's growing in interest and enthusiasm, boost!

Parents don't forget the second Friday night meeting it occurs on Dec. 13th. A neat little program will be given. This is your school, don't lose interest in your property.

Let's have full attendance every day. The "flu" robbed us of much time last year. It will hustle the best to make grades sufficient, to pass. So none can afford to miss and take chances. Let's pull now for Union school and for full attendance.

T. D. Stewart Now In

Winchester Cafeteria

T. D. Stewart, who was in the railroad telegraph department here for some time, and went from here to Falmouth, has bought an interest in the American Cafeteria at Winchester. Mr. Stewart has many friends here. The Winchester Sun said of his deal. Mr. T. D. Stewart, who recently purchased an interest in the American Cafeteria, has assumed the management of the American Cafeteria and is now in charge where he will be glad to see his friends.

Mr. Stewart expects to make several changes in the conduct of the affairs of the place and will add considerably to the already nice business which the Cafeteria has been enjoying. The Cafeteria since it has been opened in this city has been quite a convenience as the meals are ready to serve.

MOORE'S AIR TIGHT HEATERS

This is one thing which proves the ideal gift the whole year round. It is a Heater which is universally popular all over the country—more than a million users of this famous stove at the present time. It has the qualities that count—it circulates the air like a furnace and warms the cold corners, burns the smoke, soot and gas in soft coal which other stoves allow to go up the chimney. That is why it saves 38 per cent of your coal bill. Just think of that this winter when coal is scarce and selling at \$9.00 a ton. Nothing you could give this Christmas would cause more universal happiness in the family.

THE IDEAL FIRELESS COOKSTOVE

GUARDING THE HOME

No wife, mother, sister or daughter would appreciate anything more than an Ideal Fireless Cookstove for a Christmas present. JUST THINK OF THE COMFORT of having only to prepare the food for cooking; then place it in the "Ideal"—no further attention from any one required. Go shopping, to church, to social affairs, then it is piping hot and deliciously cooked when she is ready to take it out of the cooker.

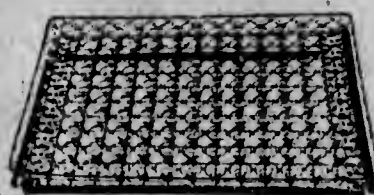

Don't overlook our special prices on Fireless Cookers, made especially for Holiday Shoppers.

WHY YOU WILL PREFER THE STARR

Of things musical the primary consideration is tone. In the violin, in the piano, in the phonograph a pure, sweet, singing tone has long been sought for—a tone free from all harsh qualities, from metallicness, and from unevenness.

Therefore when the Starr Phonograph was made, its tone amplifying chambers, the "Singing Throat" and Sounding Board Horn were of time honored Silver Grain Spruce. And in the Starr the "difference in tone" was immediately apparent. There was an entire absence of all nasal, metallic, harsh qualities. Each and every tone was sweet, rich and clear and produced with exact fidelity to the original because the Starr had been designed in strict accordance to the old laws observed hundreds of years ago by the world's master music instrument builders. The tones of a voice thus produced are the tones of a voice, the tones of the violin, those of a violin, the tones of a band like that of a band, so clear and life-like is the reproduction thru the Starr's throat and horn of mellow, straight grained Silver Grain Spruce, the master "music wood of centuries."

We are taking orders every day for Christmas delivery. Early shopping this season is the rule—let us have your orders early.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively; but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

Kentucky Mothers

Paducah, Ky.—"I wish to state some facts about Dr. Pierce's excellent medicine, Favorite Prescription. I used it during pregnancy and found it the best remedy I could get. I always feel strong and my back never gives me any trouble at all. I have used it at other times and it acts like a charm. It takes away all aches and pains and promotes regularity."

"I hope others will try it for it is a blessing to women."—MRS. M. ORIFFIN, 1241 Trimble St.

A Kentucky Woman Who Suffered

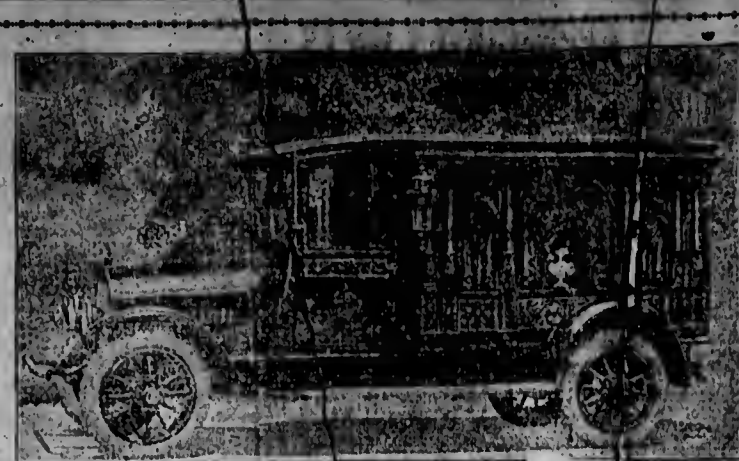

Paducah, Ky.—"After first becoming a mother, I was in miserable health. I developed a severe case of feminine trouble, and suffered with backaches and pains in my side. I got so bad that I was a complete nervous and physical wreck and had given up hopes of getting better when I began taking Dr. Pierce's Favorite Prescription. I soon started to improve and was convinced that my health was completely restored."—MRS. ANNE SMITH, 1119 N. 7th St.

Dr. Pierce of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakness, dizziness, irregularities, and for the many disorders common to women in all ages of life. In liquid or tablets, send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., 10c for large trial package tablet.

NEW TREATMENT THAT KNOCKS RHEUMATISM

75c BOX FREE TO ANY SUFFERER Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say has won the most remarkable cases that seem little short of miraculous. Just a few treatments even in the worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lino salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish. The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffers from rheumatism or who has a friend afflicted to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with the to help my postage and distribution expense to me personally." F. H. Delano, 1400 Griffin Square Bldg., Syracuse, N. Y. I can send only one Free Package to all address.

1/3 Less Coal- 1/2 More Heat

You can save from a third to a half of your fuel and have a much warmer home than ever before if you will install a CALORIC.

The CALORIC is the remarkable furnace that heats without pipes, through only one register. It circulates heat by Nature's own method, forcing warm air up into the entire house and drawing cool air down into the furnace to be reheated and purified.

The CALORIC heats practically all types of homes, bungalow or three-story house, up to eighteen rooms. It keeps kitchens and back bedrooms just as comfortable and warm as the rest of the house. Also heats churches, factories, stores and other business buildings. More than 50,000 already installed.

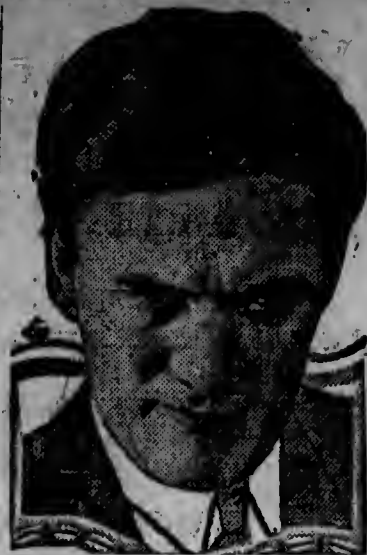

The CALORIC can be installed in new or old houses—no cutting of walls for pipes and no interference with present system of heating. It burns coal, coke, gas, wood or lignite, and saves from one-third to one-half the fuel.

What Is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It Is a Blood Infection.
Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain-devising.

ments and lotions can do no permanent good, for they cannot possibly reach these germs, which infest your blood by the millions. S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. For treatment of your individual case, address Chief Medical Adviser, Swift Specific Co., Dept. 44, Atlanta, Ga.

Mother! Teach the Children Their Daily Health Duty

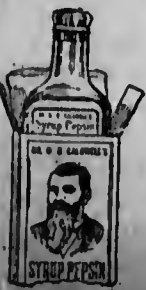

You can't be too insistent!

FEW find pleasure in the physical and health, so it rests with the mother to see that the child will be getting in after years. Children are the functions necessary to the upbuilding of the little body, so that it will not be a dyspeptic, emaciated body when it matures, a condition regularly every morning. If the mother will be insistent and allow nothing to interfere with it, it will soon become a habit, a daily routine that will not be forgotten a roughout life.

There are many, however, when nature will not operate. Then give Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin, and the jaundice, the biliousness, the torpor will disappear. It acts gently and without any, and as it

contains no narcotics and is pleasant to the taste, it may be given to infants. Thousands of families have been regulated to healthy maturity with Dr. Caldwell's Syrup Pepsin. A bottle can be bought at any drug store for 50c and \$1. Those who already know its virtues by the dollar size and consider it economical. In a large family there is always someone who would feel better for a dose of a good medicine like Dr. Caldwell's Syrup Pepsin.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 311 Washington St., Monticello, Illinois.

CARBON!

Rid System of Clogged-up
Waste and Poisons
with "Cascarets."

Like carbon clogs and chokes a motor, so the excess bile in liver, and the constipated waste in the bowels, produce foggy brains, headache, sour, acid stomach, indigestion, sallow skin, sleepless nights, and bad colds.

Let gentle, harmless "Cascarets" rid the system of the toxins, acids, gases, and poisons which are keeping you upset.

Take Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced. Cascarets never gripe, sicken, or cause inconvenience. They work while you sleep. A box of Cascarets costs so little too.

Service**TIRES****Premier of Tires**

It isn't the money you put into a tire but the MILEAGE YOU GET out of it that determines its value. More and more motorists are finding out this instead of being expensive, KELLY are really the most economical tires they can buy.

A cheap tube in a costly casing is a speculation. A KELLY tube in a KELLY tire is an investment which insures dividends in big mileage. An optimist is one who believes he can get a tire as good as a Kelly-Springfield for less money.

We take in your old tires on new ones. Also take your new fabric tires in exchange for Kelly cord. The guarantee on KELLY'S tires exceed all other tires. But the mileage is far greater than the guarantee on Kelly's tires.

We carry all size Tires and Tubes in stock at all times, both fabric and cord.

**Fabric are guaranteed for
7,500 miles**

**Cords are guaranteed for
10,000 miles**
